CHILD PROTECTION PROGRAM K-6

Dear Parent/Caregiver

Every year, students undertake lessons from the Child Protection Program, which deals with the prevention of child sexual assault. This valuable program aims to develop in all children the necessary skills to protect themselves. During the program this term students will be involved in lessons that develop understanding of the following:

1 Protection strategies
2 Nature of relationships
3 Recognising abuse

Language used in the program will include precise anatomical terms.

All students from Kindergarten to Year 6 will be included in this program unless we have specific written notification from parents to the contrary. If you do not want your child to participate in this valuable program, please fill out and return the form below to the class teacher. Please note that where no notification is received, your child will automatically be included in the program.

Should you have any queries regarding the program or the language that students will be taught, please do not hesitate to contact your child’s teacher who will be pleased to explain.

Regards,

Martin Naylor
Principal
